Recommendation:

That the Audit Committee note the position in relation to Sundry Debt.

1. Executive summary

- 1.1 The Council is responsible for the collection of: Sundry Debts, Housing Benefit Overpayments, Council Tax and National Non-Domestic Rates (NNDR).
- 1.2 This report provides Members with an update of the position of Sundry Debt and Housing Benefits Overpayments up to 28th February 2021.

2. Background

- 2.1 The Council's management arrangements underpin delivery of all the Council's priorities, including the commitment to providing value for money services. Incorporated within this, is the timely collection of monies due to the Council. Debts are recovered in accordance with the Council's Recovery Policy as published on our website.

- 2.2 Following the centralisation of debt recovery into one service from October 2017 and the implementation of the Debt Recovery Action Plan, Members requested a series of updates to demonstrate robust control of debt recovery procedures, particularly relating to sundry debt.
- 2.3 The implementation of a comprehensive action plan has resulted in robust recovery procedures. This report outlines the latest positions in collection relating to Sundry Debt and Housing Benefit Overpayments by providing data that demonstrates the progress made.

3. Outcomes/outputs

- 3.1 The arrears covered in this report are split into three categories as follows:
 - a. Sundry Debts
 - b. Housing Benefit Overpayment Recoveries from those still in receipt of Housing Benefit
 - c. Housing Benefit Overpayment Recoveries from those no longer in receipt of Housing Benefit
- 3.2 All Council sundry debts are actively pursued, and in most instances are collected in a timely manner. In cases where payment is not received on time, a series of reminder letters are issued promptly to the debtor. If this fails to secure payment, recovery is pursued through the courts.
- 3.3 The Council took the decision to pause the chasing of Sundry Debts at the very start of the pandemic but this process was resumed in the Summer and reminder letters are being sent out regularly.

Sundry Debts

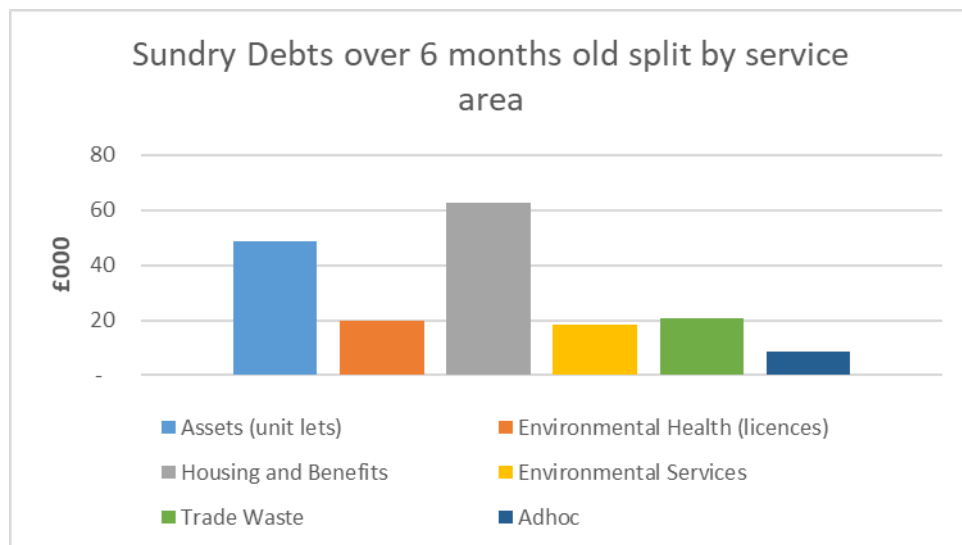

- 3.4 The balance of arrears for Sundry Debts over recent years is summarised below and have reduced significantly to under £300k. Sundry Debts consist of Estates Management, Licencing, Trade Waste and Housing. This excludes car parking fines which are included on a different system.

- 3.5 This balance of £299k can be further broken down by age category to give a clearer picture of the nature of Sundry Debt arrears as follows.

- 3.6 The current balance for Sundry Debts of £299k includes only one high value debtor (in excess of £20k). This appears to be low risk and the likelihood of recovery is considered high.
- 3.7 The sundry debtor balance has reduced significantly in the last six months. The Assets team have been actively pursuing unpaid debtor invoices and supporting our customers with options such as payment arrangements.
- 3.8 Sundry debts over six months old total £179k and can be further analysed by service area below. It can be seen that just over £60k relates to Housing and Benefits which are difficult debts to recover. This makes up 35% of the total debt in this age category. Just under £50k relates to rental income from unit lets and slow recovery is expected in the current financial climate. The Assets team are working closely with tenants to work out a payment plan to recover these debts. £20k relates to Environmental Health invoices. The majority of these are licences and therefore low value, high volume. Licensing invoices are not currently being chased and customers who have already paid are being offered refunds under the Council's Additional Restrictions Grant (ARG) Business Grant scheme.

Sundry debt written off

- 3.9 Sundry debts totalling £16,617 were written off in quarter three due to their size and likelihood of being recovered. No sundry debts have been written off in quarter four to date.

Housing Benefit Overpayment Recoveries from those still in receipt of Housing Benefit

3.10 The balance of arrears for Housing Benefit Overpayment Recoveries from those still in receipt of Housing Benefit is £341k as at 28th February 2021, a slight increase on the balance of £336k as at 30th September 2020. The balance over time can be seen on the chart below.

3.11 Recovery action was paused following the initial lockdown in March but this process is now back up and running. The Case Management team make every effort to identify overpayments promptly and so begin the recover process whilst amounts are still relatively low. By recovering these debts whilst people are still in receipt of Housing Benefit, the ease of recovery is greater, as is the likelihood of full recovery.

Housing Benefit Overpayment Recoveries from those no longer in receipt of Housing Benefit

3.12 The balance of arrears for Housing Benefit Overpayment Recoveries from those no longer in receipt of Housing Benefit is £515k as at 28th February 2021, a slight decrease on the balance of £537k as at 30th September 2020. The balance over time can be seen on the chart below.

3.13 The amount outstanding is continuously monitored and well managed for both categories of Housing Benefit Overpayment Recoveries. A downwards trend is expected as members of the public move increasingly from the Housing Benefit system over to the Universal Credit system.

3.14 The effect of this will be that less Housing Benefit will be administered by the Authority and so the amount that is overpaid will reduce.

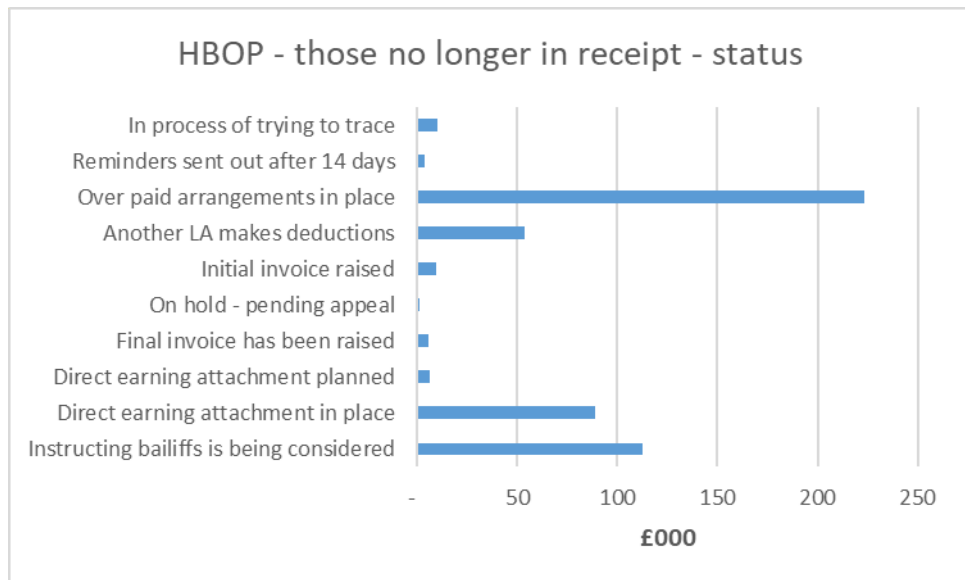

Housing Benefit write offs

3.15 Since September 2020, just over £23,000 of this debt has been written off.

3.16 This balance of £515k can be further broken down by age category to give a clearer picture of the nature of these arrears, as follows.

3.17 Of this balance, £223k relates to debt where overpayment arrangements are in place and consideration is being given to instructing bailiffs on debt totalling £112k. £89k relates to debt where a direct earnings attachment is in place. A full picture showing the status of this debt can be seen below.

4. Options available and consideration of risk

- 4.1 The Business Manager for Case Management is keen to continue to focus on debt recovery and it is anticipated that every effort will be made to recover monies owed to the Council promptly. Where this isn't possible, the debt recovery procedures will be followed and overdue debts will be duly followed up.

5. Proposed Way Forward

- 4.2 The Committee note the content of this report and continue half yearly reporting.

6. Implications

Implications	Relevant to proposals Y/N	Details and proposed measures to address
Legal/Governance	Y	The guidelines for Statutory Interest Charging and adding recovery costs falls under the European Directive 2011/7/EU on Combating Late Payment in Commercial Transactions. Enforcing successful legal action for recovery of debt is dependent upon a robust system of ensuring correct business names are recorded within our systems.
Financial implications to include reference to value for money	Y	Improved income collection, resulting in less impact of uncollectable debt on the Income and Expenditure Account, due to fewer write offs.
Risk	Y	There remains a risk of income not being collected. The Debt Recovery Plan alongside the Debt Recovery Policy seeks to minimise this. Risk to reputation is managed carefully by prompt recovery of amounts due wherever possible. This risk is also mitigated by taking a balanced view and ensuring that resources are not expended on debts which are not cost effective to pursue and these are written off in accordance with the Council's Write Off Policy
Supporting Corporate Strategy		The debt recovery process supports all six of the Corporate Strategy Themes of Council, Homes, Enterprise, Communities, Environment and Wellbeing.
Climate Change - Carbon / Biodiversity Impact		None directly arising from this report.

Comprehensive Impact Assessment Implications		
Equality and Diversity	N	All enforcement action that is taken prior to this point is undertaken in accordance with legislation and accepted procedures to ensure no discrimination takes place.
Safeguarding	N	N/A
Community Safety, Crime and Disorder	N	N/A
Health, Safety and Wellbeing	N	N/A
Other implications	N	None
