**RECOMMENDATION: Refusal**

- 1. The proposal would introduce a built form of development that due to its scale, height and proximity will result in a harmful impact on the character and appearance of the area. The proposed development is therefore contrary to Policies DEV10 and DEV20 of the Plymouth and South West Devon Joint Local Plan.**
- 2. The proposed development by reason of loss of outlook, over dominance and loss of privacy will result in a form of development that is harmful to the amenity of neighbouring residents. As such the proposal would fail to comply with the requirements of Policies DEV1 and DEV2 of the Plymouth and South West Devon Joint Local Plan.**

During discussion and debate Members raised concerns over the raised height of the pitch and the impact on the privacy of neighbouring properties.

The Solicitor advised the Committee that the reference to Policy DEV10 in the recommendation was an error and therefore was not being relied as support for the recommendation.

**RECOMMENDATION: Remains as per the September report recommendation –Delegate to the Head of DM to conditionally Approve subject to satisfactory completed S106 legal agreement**

The Solicitor explained the application was brought back to Committee due to an error at the previous committee meeting. When previously asked if there were any other windows serving the two rooms which had windows on the western ground floor elevation of number 9 Ford Street, the answer was yes, however this was incorrect, there are not. The report was brought back to consider with the new material information and whether it would change the opinion of the Committee.

During debate Members raised the following points:

- Concerns for right to light to number 9 Ford Street
- Concerns a party wall is being created, however the Head of Development Management confirmed that it is a party wall as it was the wall between numbers 9 and 10. The fact that number 10 has been demolished did not stop it being a party wall. Any works done to the wall is subject to the Party Wall Act 1996.
- The Head of Development Management explained that the owner of what was number 10 could without planning permission build a 2 metre high wall on the boundary, or park a vehicle, and block the windows completely.

**Committee Decision: Refused – Detrimental impact on the amenity of the occupiers of number 9 Ford Street, due to the loss of light to the windows serving the wet room and dining room. It is contrary to Policy Dev 1 of the Joint Local Plan.**

**(d) Application No. 3581/21/VPO Ward: Okehampton North**

**Site Address: Parcels 3, 4a and 4b, land Crediton Road, Okehampton**

**Development: Application for modification of Section 106 agreement on 2731/15/OPA**

Speakers included:

Supporter: Mr David Matthews

**RECOMMENDATION: Agree variation as proposed**

Members raised the following points during debate:

- Concerns on delivery of affordable housing being left until the end of the development and being built in one area.
- Concerns of properties being sold off at a later date.
- Under delivering on affordable housing
- Wording to be a maximum of 80% with final figure to be agreed with the Head of Planning.

The Solicitor suggested that the Committee might want to consider if it was in agreement firstly with the variation to remove the trigger prohibiting the commencement of Parcel 4a before 85% of the dwellings on parcel 4a are occupied. Secondly to ensure the level of open market properties occupied on Parcel 4a is restricted until affordable housing is provided on Parcel 4b and what trigger points members were comfortable with.

#### **Committee Decision**

**Variation of the completed S106 agreement which accompanies approval 2731/15/OPA in order to remove the obligations which require 85% of the Open Market Units in Phase 3 to have been completed prior to the commencement of development on Phase 4a and insert provisions prohibiting a proportion of the market units on Parcel 4a being occupied until 100% of the Affordable Houses on parcel 4b have been transferred to the registered provider. The proportion shall be negotiated and the proportion of market units that can be occupied on parcel 4a shall not exceed 80%.**

**RECOMMENDATION: Delegation to Head of Development Management to Grant conditional consent subject to the completion of the associated Deed of Variation (providing no new material considerations are raised prior to the current consultation end date of 30<sup>th</sup> September).**

#### **Conditions/Reasons for refusal (list not in full)**

1. Time limit for RM reflecting outline time limit

5. removal of PD/lighting/windows re biodiversity
6. EVCP prior to plot occupation
7. Trigger for pedestrian access to Parcel 3 prior to first occupation

8. distribution of resident biodiversity pack on occupation

- Concerns over speed limits . The Highways Officer confirmed that the speed limit had been brought down to 40mph and cannot be brought down to 30mph as it did not meet the criteria for 30mph.
- Concerns of possible disposal of grass cuttings from gardens into neighbouring field. The Planning Officer confirmed the area next to the field was enclosed and was in the ownership of the management company.

- Electric car charging points.
