Sector Update	05

The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

Introduction

Your key Grant Thornton team members are:

Jackson Murray

Key Audit Partner

T: 0117 305 7859

E: Jackson.Murray@uk.gt.com

Oliver Durbin

Audit Manager

T: 0117 305 7785

E: Oliver.J.Durbin@uk.gt.com

This paper provides the Audit and Governance Committee with a report on progress in delivering our responsibilities as your external auditors.

The paper also includes a summary of emerging national issues and developments that may be relevant to you as a local authority.

Members of the Audit and Governance Committee can find further useful material on our website, where we have a section dedicated to our work in the public sector. Here you can download copies of our publications <https://www.grantthornton.co.uk/en/services/public-sector-services/>

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Engagement Manager.

Progress at March 2023

Financial Statements Audit 2021/22

We issued an unqualified opinion on the 2021/22 financial statements on 30 November 2022.

Financial Statements Audit 2022/23

We have notified officers that the 2022/23 financial statement audit fieldwork will be delayed due to audit resourcing shortages. This will mean that the audit opinion will be delivered after the September 2023 publication date.

This is not a reflection of the Council's finance team who propose to produce the draft financial statements by 31 May 2023. Although the Senior Leadership Team at the Council have asked that the audit is completed before the audit target date of September 2023, we have advised the Council that we are unable to resource this due to a shortage of experienced audit staff.

We will work with the Council to find alternative dates to complete the audit work, noting that this will be after the audited accounts target date of September 2023.

Value for Money 2021/22 and 2022/23

We had planned to submit our Annual Auditor's Report for 2021/22 within three months of issuing the financial statement audit opinion.

As this has not been possible, it is considered more practical and timely to merge the report with that of 2022/23 and issue that before the 2022/23 financial statement audit opinion. We have not identified any significant issues in respect of Value for Money that we are required to bring to your attention.

Other areas

Certification of claims and returns

We certify the Authority's annual Housing Benefit Subsidy claim in accordance with procedures agreed with the Department for Work and Pensions (DWP). Our work is underway and to date we have no significant issues to bring to your attention.

Sector Update

Authorities continue to try to achieve greater efficiency in the delivery of public services, whilst facing the challenges to address rising demand, ongoing budget pressures and social inequality.

Our sector update provides you with an up to date summary of emerging national issues and developments to support you. We cover areas which may have an impact on your organisation, the wider local government sector and the public sector as a whole. Links are provided to the detailed report/briefing to allow you to delve further and find out more.

Our public sector team at Grant Thornton also undertake research on service and technical issues. We will bring you the latest research publications in this update. We also include areas of potential interest to start conversations within the organisation and with Audit and Governance Committee members, as well as any accounting and regulatory updates.

Financial Reporting Council Report On The Quality Of Local Audit

In late October 2022 the Financial Reporting Council (FRC) published its inspection findings into the quality of major local body audits in England, which includes large health and local government bodies.

The Quality Assurance Department (QAD) of the Institute of Chartered Accountants in England and Wales (ICAEW) inspects a sample of local audits that do not meet the definition of a 'major' local audit and the FRC's report also includes a summary of their findings.

The FRC reported that 71% of Grant Thornton audits inspected (7 in total) were assessed as either good or limited improvements required.

This is a pleasing result and reflects on our significant investment in audit quality over recent years. The positive direction of travel over the past five years is illustrated below:

Our assessment of the quality of financial statement audits reviewed

The FRC also inspected our work on VfM arrangements at four bodies.

It is pleasing to note that all of these inspections were assessed as requiring no more than limited improvements (which is the same as the previous year).

As far as the ICAEW are concerned, overall, the audit work reviewed was found to be of a good standard.

Seven of the eight files reviewed (88%) were either 'good' or 'generally acceptable', but one file 'required improvement'.

The ICAEW identified one of our files as requiring 'Improvement' – but it should be noted that this was a 2019-20 file and therefore the learnings from prior years' review could not have been taken into account, an issue recognised by the ICAEW in their report to us.

The ICAEW found that our VfM work was good on each of the files reviewed, and they did not identify any issues with this aspect of the audit teams' work.

Whilst are pleased with our continuing improvement journey, we continue to invest in audit quality to ensure that the required standards are met.

Audit Market Developments (continued)

Local Government External Audit Procurement

Public Sector Audit Appointments Ltd (PSAA) has recently announced the outcome of its national procurement of audit services across the Local Government sector.

This exercise covers the audits from 2023/24 to 2027/28 and covers the 470 local government, police and fire bodies (99% of eligible local bodies) that opted into the national scheme.

We are delighted to have been reappointed as the largest supplier of local government audit. The public sector has played a significant role within the firm for over 30 years and we remain committed to the success of the sector.

Our UK Public Sector Assurance (PSA) team employs 440 people, including 29 Key Audit Partners and specialists in financial reporting, audit quality, and value for money.

The team is dedicated to public audit work in local government and the NHS, with contracts with PSAA, Audit Scotland and over 100 health bodies. The Public Sector Assurance team is a regular commentator on issues facing the sector and oversees the firm's thought leadership, such as its series of publications on grants and public interest reports.

Mark Stocks, lead Partner for PSA at Grant Thornton, said 'This is a very welcome outcome and reflects our previous delivery as well as our ongoing commitment to invest in the public sector.'

Grant Thornton – Nearly 60 councils at risk of ‘running out of money’ next year

Grant Thornton has warned that the soaring cost of living combined with a decade of austerity could see up to a sixth of English councils fully deplete their reserves in 2023-24 without substantial spending cuts.

Research found that, as a result of higher inflation, councils are expected to have a cumulative budget deficit of £7.3bn by 2025-26 – an increase of £4.6bn since forecasts made at the beginning of this year.

Grant Thornton said that although reserves were bolstered by more than £5bn in 2020-21 due to higher government funding, these balances will “continue to unwind through the long tail of Covid-19” with close to 60 councils forecast to use all earmarked and unallocated reserves next year.

Without additional income, authorities would need to make savings of over £125 per person by 2025-26, equal to the average yearly spend on homelessness, sports and leisure, parks and open spaces, libraries and waste services.

Phillip Woolley, Head of Public Services Consulting at Grant Thornton, said: “Local government has faced unprecedented demands and pressures over the last decade and without action from both central government and councils, in the face of these inflationary pressures, the list of authorities in need of exceptional support looks set to grow quickly.

“Our research shows the additional Covid-19 funding, while critical to support immediate challenges, has not addressed underlying systemic issues or the precariousness of councils’ financial sustainability in the face of economic instability.

“Local authorities are also now facing the risk of interest rate rises, increasing debt financing costs and the real risk of reduced funding from central government, in response to the current economic turmoil facing the country. Without committed intervention from all sides, there is a risk that the sector levels down instead of up.”

Grant Thornton estimated unitary authorities would have the largest budget gap (£1.8bn) by 2025-26, but district councils would have the largest gap compared to net spending at 10.2%.

The firm added that austerity and changing policy demands have left councils struggling to innovate in their services and prevented investment in finance and procurement, diminishing the sector’s ability to tackle medium-term challenges.

Grant Thornton said additional government funding alone will not lead to improvements, and that councils should focus on improving governance and developing financial stability plans.

Joanne Pitt, local government policy manager at CIPFA, said: “With no spending review and no fair funding review, CIPFA shares Grant Thornton’s concerns about the financial sustainability of some in the sector.

“While there are actions local authorities can take to strengthen their own financial resilience, they are facing significant inflationary pressures and rising demand which makes this hugely challenging for the sector.”

Audit Committees: Practical Guidance For Local Authorities And Police – CIPFA

In October CIPFA published this guide, stating “This fully revised and updated edition takes into account recent legislative changes and professional developments and supports the 2022 CIPFA Position Statement. It includes additional guidance and resources to support audit committee members, and those working with and supporting the committee’s development.”

CIPFA go on to state “Audit committees are a key component of governance. Their purpose is to provide an independent and high-level focus on the adequacy of governance, risk and control arrangements. They play an important role in supporting leadership teams, elected representatives, police and crime commissioners and chief constables.

This edition updates CIPFA’s 2018 publication to complement the 2022 edition of the CIPFA Position Statement on audit committees.

The suite of publications has separate guidance resources for audit committee members in authorities, members of police audit committees, and a supplement for those responsible for guiding the committee.

New aspects include legislation changes in Wales and new expectations in England following the Redmond Review. All authorities and police bodies are encouraged to use the publication to review and develop their arrangements in accordance with the Position Statement.

The appendices include suggested terms of reference, a knowledge and skills framework and effectiveness improvement tools.”

The guide covers a number of key areas for Audit Committees, including:

- Purpose
- Core functions:
 - Governance, Risk and Control
 - Accountability and Public Reporting
 - Assurance and Audit arrangements
 - Ensuring focus
- Independence and accountability
- Membership and effectiveness

The guide can be purchased via the CIPFA website:
