

Appendix B

“Subject: Table of tariffs

Hello Tara

As published in the Kingsbridge Gazette on 3rd March 2017, a table of fares was incorrect.

With the increase yardage to 880 yards from 704 yards equates to a loss for any short trips around the town. Because of the increase, the meter will not click over e.g. a short trip around the town which is £2.90 at the moment but with the meter not clicking over we would only get £2.80. I know it is only 10p at the moment, but as a small town, these are regular trips for us and we would lose out. Could this be revised?

Regarding the extra charges, I understand that you are aware that this is a misprint and I would just like to highlight it too.

Kind regards

Stephen Russell

Steve's Taxi”

“Hi Tara there was no discussion about lowering the 40 p per person down to 20p as will as the luggage 40p down to 20p and dogs down from 60p down to 40p and plus the yardage is down on one and up on the other. I do believe that this should have
Hi Tara,

Mike here from coast2coast taxis.

I've been led to believe that tariff 3 is being withdrawn from the larger taxis eg; 8 seater's. If this is the case this will mean there wont be any money being made when doing a large party as we will only be able to use tariff two. This subject was not brought up at the last meeting we had, so i'm concerned if this is happening why we haven'd been consulted? If this is not the case and its just here say i apologise but would like to also know if Tariff 3 will be going up as well as tariff one and two.

Kindest Regards

Mike Taylor

“Subject: Motor Hackney Carriage Table of Fares

Hello,

Regarding the advert on page 38 of the Kingsbridge & Salcombe gazette March 3rd issue there seems to be a few errors.

For instance the Extra Charges, these have been printed as for each person in excess of one 25p, each article of luggage or other article 25p, for each animal carried 25p. This should read 40p, 40p & 60p respectively. As discussed at both meetings that they should remain the same as the 2012 fare price and up to each individual driver if charged.

The booking charges also seem to be misleading, if for instance I drive to Totnes station from Hope Cove to do a pick up for the Thurlestone hotel it seems to me that I can only charge £1.00 because I am within 2 miles of the nearest rank

I.e Totnes, The Plains and not the £5.00 charge because I have driven more than 2 miles to do the pick up.

I think it could be better worded, maybe from the taxi drivers home base or home rank, for me personally being Hope Cove or Kingsbridge bus station rank. This increase was to cover any dead mileage involved.

Finally the initial flag price yardage has been altered to 880yds (804.65 meters) until the meter clicks over and has changed from 704yds (643.74meters) this alters our earning potential for our small in town fares , for instance a trip from Kingsbridge rank to the top of Coronation Rd Kingsbridge currently a £2.90 fare for one person would change to £2.80, a small deficit I know but a deficit nonetheless.

Hopefully this can be put to rights before the 1st of April 2017 when the new Table of Fares come into operation.

Regards

Trevor Dale owner/driver In Hope Taxi”
